

GEO5 - geotechnical software

Individual programs		Price of the first licence (\$)	
Slope stability	Slope stability analysis		960
Sheeting check	Excavation shoring design software (Non-linear elastic/plastic model)		960
Sheeting design	Design and analyses of various excavation and wall types		700
Cantilever wall	Cantilever wall design and check		700
Gravity wall	Massive gravity retaining wall design and check		700
MSE wall	Mechanically stabilized earth wall design and analysis		800
Gabion wall	Design and verification of gabion wall		700
Masonry wall	Design and verification of reinforced masonry wall		700
Prefab wall	Verification and dimensioning of prefabricated (block) wall		700
Nailed slopes	Design and check of reinforced soil nailed walls and slopes		700
Earth pressures	Analysis of earth pressures		700
Spread footing	Design and verification of spread footing foundations		800
Piles	Verification of a single pile		800
Micropile	Verification of a micropile		700
Pile CPT	Verification of piles based on CPTs		800
Beam	Beam on elastic subgrade		700
Plate	FE analysis of foundation and floor slabs		2.100
Settlement	Terrain settlement caused by surcharge and change of GWT		700
Ground loss	Settlement above tunnels + prediction of building damage		1.600
Abutment	Design and verification of bridge abutment		800
Terrain	Digital terrain model (DTM) + excavation volumes		1.850
Rock stability	Stability analysis of rock slopes		960
FEM	Modelling of various geotechnical problems by FE analysis		3.650
FEM – Tunnel	Extension of program FEM - analysis of tunnel		3.650
FEM - Water Flow	Extension of program FEM - analysis of steady state groundwater flow		1.000
Output languages	Additional output language for each program (english, spanish, portuguese, slovak, greek, polish, hungarian, romanian, czech, croatian, turkish)		150
Bundles			
GEO Package Professional	All programs (40% discount)		16500
GEO Package Basic	All programs excluding FEM and Ground Loss (35% discount)		11000
Bundles – One year lease			
GEO Package Professional	All programs (Fine Maintenance and HW key included)		6600
GEO Package Basic	All programs excluding FEM and Ground Loss (Fine Maintenance and HW key included)		4400
Academic Bundles			
GEO Package Educational	All programs for educational purposes (network version - 10 seats)		1300
GEO Package Research	All programs for research purposes		5000
Additional licences			
Licence for the 2nd user	60% of price of the first licence	Network licence	150% of price of the first licence
Licence for the 3rd - 5th user	40% of price of the first licence	Unlimited licence	300% of price of the first licence
Volume discounts			
3-4 programs	Discount 5%	12-14 programs	Discount 20%
5-8 programs	Discount 10%	15-19 programs	Discount 25%
9-11 programs	Discount 15%	more than 20 programs	Discount 30%
Maintenance & support			
Fine Maintenance Program	15% a year from total price of your software		
Single Upgrade	10% of all purchased licences per each upgrade version		
HW keys			Price (\$)
Local key (single computer)			60
Network key (max.10 users)			120
Network key (max.50 users)			180
Delivery options			
Standard delivery			FREE
Express delivery (Aramex)			80

FIN EC - Structural Analyses

Individual programs		Price of the first licence (\$)
FIN 3D	Structural analysis of 3D structures (trusses, frames) by FEM	1250
2nd-order theory	Verification of imperfect structure under subcritical stress (FIN 3D)	300
Linear stability	Critical value of construction load estimated as the load multiplication (FIN 3D)	250
Dynamics, normal modes	Calculation of natural modes of vibration and natural frequencies (FIN 3D)	250
FIN 2D	Structural analysis of 2D truss and frame structures using FEM	750
2nd-order theory	Verification of imperfect structure under subcritical stress	300
Steel	Steel elements design and analysis according to EC3 standard (EN 1993-1-1)	750
Steel Fire	Fire-resistance of steel structures according to EC3 standard (EN 1993-1-2)	750
Timber	Timber elements design and analysis according to EC5 standard (EN 1995-1-1)	750
Timber Fire	Fire-resistance of timber elements according to EC5 standard (EN 1995-1-2)	750

Bundles

FIN EC Package Professional	All programs (40% discount)	3700
------------------------------------	-----------------------------	------

Academic Bundles

FIN EC Package Educational	All programs for educational purposes (network version - 10 seats)	650
FIN EC Package Research	All programs for research purposes	1900

Additional licences

Licence for the 2nd user	60% of price of the first licence	Network licence	150% of price of the first licence
Licence for the 3rd - 5th user	40% of price of the first licence	Unlimited licence	300% of price of the first licence

Volume discounts

3-4 programs	Discount 5%
5-8 programs	Discount 10%

Maintenance & support

Fine Maintenance Program	15% a year from total price of your software
